D-A-S CONSTRUCTION CO. WINS SAFETY AWARDS

Cleveland, March 31, 2008 — The Northeastern Ohio Construction Labor and Management Safety Incentive Program has awarded D-A-S Construction Co. its “Contractor Safety Award” for the third year in a row. D-A-S Construction Co. received the award after a full review of safety statistics and injury rates for the year 2007. The company achieved a Lost Day Rate 45% below the National Average and its Total Recordable Rate was nearly 23% less than the National Average. These figures are a testament to D-A-S Construction Co.’s ongoing commitment and proactive approach to employee safety and health.

The Safety Incentive Program is a collaborative effort between the Northeastern Ohio Construction Contractors and the Building and Construction Trades Union. The program encourages union contractors and union craftspersons to be more aware of working safely on the jobsite. Reducing accidents is considered not only good economic sense, but a moral obligation. The Safety Incentive Program serves to lower injuries, illnesses and workers' compensation costs. The Building and Construction Trades unions, contractors and employer associations have pledged to cooperate in this effort to reward employees who work safely.

The Safety Incentive Program is co-sponsored by nine trade associations and 30 participating unions principally serving Ashtabula, Cuyahoga, Lake, Geauga and Lorain counties as well as other counties in northern Ohio. Over 15,000 craftspersons participate in the program.
